SUMMARY

I'm a recent Computer Engineering graduate with a strong passion for programming. I'm actively looking to improve my skills and expand my experience in the field. I'm dedicated to putting in the effort required to excel and bring genuine enthusiasm to every project I undertake.

WORK EXPERIENCE

Alphaus Inc.   **Remote - Tagbilaran City, Bohol**
Backend Developer Intern   **Jan 2024 - Mar 2024**

- Collaborated with a team of 10 members to work on a project to create a data ingestion system using PubSub that processes a continuous stream of input data and performs analysis on it.
- Created the logic for the process and analysis as a Backend developer which determine their top 3 most expensive services to date, least expensive service to date and the number of messages processed so far.

PROJECT EXPERIENCE

Bohol Island State University   **Tagbilaran City, Bohol**
                                                                                                   2020 - 2024

- Work with a team to developed an IoT-based health monitoring system which integrates various health sensors to a microcontroller using the C language.
- Developed several web apps using JavaScript, React.JS and Express.JS.
- Developed programs and application using C/C++ language.

EDUCATION

Bachelor of Science in Computer Engineering   **Tagbilaran City, Bohol**
Bohol Island State University   **2020 - 2024**

ORGANIZATION AND EXTRACURRICULAR ACTIVITIES

Institute of Computer Engineers of the Philippines Student Edition – BISU MC Chapter   **2020 - 2024**
Bohol Island State University - Main Campus
Member

Google Developer Student Clubs - BISU MC   **2022 - 2024**
Bohol Island State University - Main Campus
Member

LANGUAGES

- English
- Filipino
- Cebuano

SOFT SKILLS

- Experienced in contributing ideas and supporting colleagues to achieve shared goals in team environments.
- Strong analytical skills for identifying challenges and developing innovative solutions in software development.
- Quick to learn and adapt to new technologies and frameworks, ensuring I remain effective in fast-paced and evolving environments.

TECHNICAL SKILLS

HTML	React.JS	C
CSS	Express.JS	C++
JavaScript	MongoDB	Git Version Control System

LANGUAGES

- English
- Filipino
- Cebuano

CERTIFICATION

Responsive Web Design Certificate
Issued by Online Course - freeCodeCamp
2024

Legacy JavaScript Algorithms and Data Structures
Issued by Online Course - freeCodeCamp
2024

Back End Development and APIs
Issued by Online Course - freeCodeCamp
2024
